Summary

MCA student with strong expertise in backend development and DevOps fundamentals. Skilled in building scalable REST APIs, authentication systems, and deploying applications using modern tools like Docker and CI/CD pipelines. Hands-on experience through projects and a virtual Software Development internship. Seeking entry-level roles in Backend Development / DevOps / Cloud Engineering.

Experience

Software Development Engineer (SDE) Intern – Bluestock Fintech (Remote)
Mar 2026 – Apr 2026

- Worked on backend development tasks, focusing on building and optimizing RESTful APIs.
- Implemented secure authentication mechanisms using JWT and role-based access control (RBAC).
- Assisted in designing scalable backend architecture for fintech-related modules.
- Collaborated with team members remotely using Git-based workflows.
- Gained hands-on exposure to real-world backend systems and agile development practices.

Skills

Programming & Backend: Python, Django, FastAPI, REST APIs
DevOps & Cloud: AWS (EC2, S3, IAM – Basics), Docker, Kubernetes (Basics), Terraform (Basics), CI/CD Pipelines, GitHub Actions
Databases: MongoDB, PostgreSQL, MySQL
Tools & Platforms: Git, GitHub, Linux
Core Concepts: Authentication (JWT), RBAC, API Design, Microservices Basics

Projects

SecureFS – Role-Based File Management System Link

- Developed a secure file system with role-based access for Admin and Users.
- Implemented REST APIs using FastAPI and JWT authentication.
- Enabled secure file upload, download, and user management.
  Tech: FastAPI, MongoDB, JWT, React.js

GigFlow – Freelance Marketplace Platform Link

- Built a full-stack platform for job posting and freelancer bidding.
- Developed backend APIs for authentication, bidding system, and hiring workflow.
- Implemented real-time updates for job status tracking.
  Tech: Node.js, Express.js, MongoDB, React.js

Education

Master of Computer Applications (MCA) — FAMT, Ratnagiri (Mumbai University) — **Pursuing**
B.Sc. Information Technology — ICSIT, Sawarde (University of Mumbai) | 2024 / **CGPI: 8.75**
HSC — 2021 | **59.00%**
SSC — 2019 | **68.60%**

Certifications

- DevOps Certification – TuteDude Link
- Deloitte Australia Technology Job Simulation – Forage Link

Additional Information

Strengths: Disciplined, Quick Learner, Problem Solver
Interests: Python Development, DevOps, Cloud Computing, Automation
